**Miscellaneous :** Each trainee will have a loom, lent free.

After many years of passion for weaving, I have developed a synthesis of different modes of nomad weaving around the world.

I developed a loom, compact, easily transportable, removable, usable everywhere, the loom "Pryvette", combining the benefits of the Peruvian, Chilean or Indian-nagas. In this class, I will give you the results of my researches to make you discover this ancestral art of weaving with chain effect. Discover the joy of creating a strong, flexible, colorful, decorative textile to your liking ...

At the end of this initiation, trainees who wish to acquire the loom, may do so.
