*Coming from Cambrils-Tarragona and passionate about textile work since my childhood, I teach cutting, making and artistic embroidery since I was 20 years old. At the age of 30, I trained to be a patchwork teacher in Spain and abroad. I started teaching Patchwork in my first store in 1998.*

*In 2007, we opened our new shop-shop in Cambrils.*

*From 2010 to 2015, I represented PFAFF in Sitges during the annual "International Festival" and involved myself in different textile events, particularly "Patch al carrer" of L'Ametlla de Mar (Tarragona).*

*I had selected and award-winning works in Sitges (Spain), Birmingham (United Kingdom), Houston (USA), Biarritz, Ste-Marie-Aux-Mines ...*
